Int J Gynecol Obstet, 1993, 41: 349–351
International Federation of Gynecology and Obstetrics

Subject Index

Volume 41

Abnormal pregnancy, cytidine deaminase, placental enzyme, ammonia, abruptio placentae, 53
Abortion, bacteremia, STDs, HIV, 182
Abruptio placentae, cytidine deaminase, placental enzyme, ammonia, abnormal pregnancy, 53
Acute renal failure, hysterectomy, ureteric injury, anuria, 67
Acute thiamine deficiency, seasonal ataxia, pregnancy, 187
Adenocarcinoma, human papillomavirus, polymerase chain reaction, 251
Aggressive angiomyxoma of the vulva, 171
Alcohol, wife abuse, education, Nigeria, 159
Ammonia, cytidine deaminase, placental enzyme, abruptio placentae, abnormal pregnancy, 53
Amniotic fluid, prenatal diagnosis, congenital nephrosis of Finnish type, fetal urine, ultrasound, 165
Antenatal clinics evaluation, maternal height, quality of care, 139
Antenatal diagnosis, encephalocele, incidence, ultrasound, management, prognosis, 241
Antibiotic prophylaxis, randomized trial, post-partum infection, 43
Anuria, hysterectomy, ureteric injury, acute renal failure, 67

Bacteremia, abortion, STDs, HIV, 182
Bone mineral density, estrogen, dual photon absorptiometry, menopause, 153

Calcium, linoleic acid, soy proteins, lateral rest, pregnancy-induced hypertension, pre-eclampsia, 31
Cervical carcinoma, young age, prognosis, 61
Cervical ripening, induction of labor, 283
Cervix, HPV infection, social hygiene clinic, filter in-situ-hybridization, 75
Cesarean section, contraceptive use, fertility desire, traditional contraception, 81
Cesarean section, grand multiparity, socioeconomic state, 17
Cesarean section, one layer closure, 93
Cesarean section, triple heart valve prosthesis, pregnancy, 89
Clinical use, embryonic-fetal tissue, transplantation, research, ethics, moral aspects, 233
Combined pregnancy, rudimentary horn pregnancy, 185
Congenital nephrosis of Finnish type, prenatal diagnosis, amniotic fluid, fetal urine, ultrasound, 165
Contraceptive safety, Norplant, sickle cell disease, 85
Contraceptive use, cesarean section, fertility desire, traditional contraception, 81
Crown-rump length, serum hCG level, IVF-ET, transvaginal sonography, fetal growth velocity, 147
Curettage perforation, uterine rupture, 285
Cyclosporin, liver transplantation, pulsed Doppler, pregnancy, Wilson's disease, 273
Cytidine deaminase, placental enzyme, ammonia, abruptio placentae, abnormal pregnancy, 53

Dexamethasone, respiratory distress syndrome, prematurity, 23
Dual photon absorptiometry, bone mineral density, estrogen, menopause, 153
Dysfunctional uterine bleeding, GNRH analysis, endometrial ablation, lysteroscope, resectoscope, 3

Ectopic, schistosomiasis, genital, *Schistosoma haematobium*, 94
Education, wife abuse, alcohol, Nigeria, 159
Embryonic-fetal tissue, transplantation, research, clinical use, ethics, moral aspects, 233
Encephalocele, incidence, antenatal diagnosis, ultrasound, management, prognosis, 241
Endometrial ablation, dysfunctional uterine bleeding, GNRH analysis, lysteroscope, resectoscope, 3
Estradiol levels, ultrasound, follicle, regression equation, 261
Estrogen, bone mineral density, dual photon absorptiometry, menopause, 153
Ethics, embryonic-fetal tissue, transplantation, research, clinical use, moral aspects, 233

Fertility desire, cesarean section, contraceptive use, traditional contraception, 81
Fertility, ovarian pregnancy, prevalence, IUCD use, 269
Fetal endocrinology, newborn, sex steroids, gonadotropins, prolactin, 37
Fetal growth velocity, crown-rump length, serum hCG level, IVF-ET, transvaginal sonography, 147
Fetal pulmonary maturity, tap test, respiratory distress syndrome, 135
Fetal urine, prenatal diagnosis, congenital nephrosis of Finnish type, amniotic fluid, ultrasound, 165
Filter in-situ-hybridization, HPV infection, cervix, social hygiene clinic, 75
Follicle, estradiol levels, ultrasound, regression equation, 261

Genital, schistosomiasis, ectopic, *Schistosoma haematobium*, 94
GNRH analysis, dysfunctional uterine bleeding, endometrial ablation, lysteroscope, resectoscope, 3
Gonadotropins, fetal endocrinology, newborn, sex steroids, prolactin, 37

Grand multiparity, socioeconomic state, cesarean section, 17
Granulosa cell tumor, ovarian teratoma, 287

Hemoperitoneum, sexual injury, 286
Heterophile antibodies, immunoglobulins, pre-eclampsia, Nigeria, 181
High density lipoprotein cholesterol, total cholesterol, sex steroids, menstrual cycle, 265
HIV, abortion, bacteremia, STDs, 182
HPV infection, cervix, social hygiene clinic, filter in-situ-hybridization, 75
Human leukocyte antigen, vesicular mole, 257
Human papillomavirus, polymerase chain reaction, adenocarcinoma, 251
Hydatid cyst, obstructed labor, 284
Hysterectomy, ureteric injury, anuria, acute renal failure, 67

Immunoglobulins, heterophile antibodies, pre-eclampsia, Nigeria, 181
Incidence, encephalocele, antenatal diagnosis, ultrasound, management, prognosis, 241
Induction of labor, cervical ripening, 283
IUCD use, ovarian pregnancy, prevalence, fertility, 269
IVF-ET, crown-rump length, serum hCG level, transvaginal sonography, fetal growth velocity, 147

Lateral rest, linoleic acid, calcium, soy proteins, pregnancy-induced hypertension, pre-eclampsia, 31
Linoleic acid, calcium, soy proteins, lateral rest, pregnancy-induced hypertension, pre-eclampsia, 31
Lithiasis, urethral diverticulum, ultrasonic lithotripsy, 277
Liver transplantation, pulsed Doppler, cyclosporin, pregnancy, Wilson's disease, 273
Lysteroscope, dysfunctional uterine bleeding, GNRH analysis, endometrial ablation, resectoscope, 3

Management, encephalocele, incidence, antenatal diagnosis, ultrasound, prognosis, 241
Maternal height, primigravidas, vaginal delivery, 27
Maternal height, quality of care, antenatal clinics evaluation, 139
Menopause, bone mineral density, estrogen, dual photon absorptiometry, 153
Menstrual cycle, total cholesterol, high density lipoprotein cholesterol, sex steroids, 265
Moral aspects, embryonic-fetal tissue, transplantation, research, clinical use, ethics, 233

Newborn, fetal endocrinology, sex steroids, gonadotropins, prolactin, 37
Nigeria, heterophile antibodies, immunoglobulins, pre-eclampsia, 181
Nigeria, wife abuse, education, alcohol, 159
Norplant, sickle cell disease, contraceptive safety, 85

Obstructed labor, hydatid cyst, 284
One layer closure, cesarean section, 93

Ovarian pregnancy, prevalence, IUCD use, fertility, 269
Ovarian teratoma, granulosa cell tumor, 287

Placental enzyme, cytidine deaminase, ammonia, abruptio placentae, abnormal pregnancy, 53
Polymerase chain reaction, human papillomavirus, adenocarcinoma, 251
Post-partum infection, randomized trial, antibiotic prophylaxis, 43
Pre-eclampsia, heterophile antibodies, immunoglobulins, Nigeria, 181
Pre-eclampsia, linoleic acid, calcium, soy proteins, lateral rest, pregnancy-induced hypertension, 31
Pregnancy, liver transplantation, pulsed Doppler, cyclosporin, Wilson's disease, 273
Pregnancy, seasonal ataxia, acute thiamine deficiency, 187
Pregnancy, triple heart valve prosthesis, cesarean section, 89
Pregnancy-induced hypertension, linoleic acid, calcium, soy proteins, lateral rest, pre-eclampsia, 31
Prematurity, dexamethasone, respiratory distress syndrome, 23
Prenatal diagnosis, congenital nephrosis of Finnish type, amniotic fluid, fetal urine, ultrasound, 165
Prevalence, ovarian pregnancy, IUCD use, fertility, 269
Previous cesarean, trial of labor, 183
Primigravidas, maternal height, vaginal delivery, 27
Prognosis, cervical carcinoma, young age, 61
Prognosis, encephalocele, incidence, antenatal diagnosis, ultrasound, management, 241
Prolactin, fetal endocrinology, newborn, sex steroids, gonadotropins, 37
Pulsed Doppler, liver transplantation, cyclosporin, pregnancy, Wilson's disease, 273

Quality of care, maternal height, antenatal clinics evaluation, 139

Randomized trial, post-partum infection, antibiotic prophylaxis, 43
Regression equation, estradiol levels, ultrasound, follicle, 261
Research, embryonic-fetal tissue, transplantation, clinical use, ethics, moral aspects, 233
Resectoscope, dysfunctional uterine bleeding, GNRH analysis, endometrial ablation, lysteroscope, 3
Respiratory distress syndrome, dexamethasone, prematurity, 23
Respiratory distress syndrome, tap test, fetal pulmonary maturity, 135
Rudimentary horn pregnancy, combined pregnancy, 185

Schistosoma haematobium, schistosomiasis, genital, ectopic, 94
Schistosomiasis, genital, ectopic, *Schistosoma haematobium*, 94
Seasonal ataxia, pregnancy, acute thiamine deficiency, 187
Serum hCG level, crown-rump length, IVF-ET, transvaginal sonography, fetal growth velocity, 147
Sex steroids, fetal endocrinology, newborn, gonadotropins, prolactin, 37

Sex steroids, total cholesterol, high density lipoprotein cholesterol, menstrual cycle, 265
Sexual injury, hemoperitoneum, 286
Sexually transmitted disease, stillbirth, 184
Sickle cell disease, Norplant, contraceptive safety, 85
Social hygiene clinic, HPV infection, cervix, filter in-situ-hybridization, 75
Socioeconomic state, grand multiparity, cesarean section, 17
Soy proteins, linoleic acid, calcium, lateral rest, pregnancy-induced hypertension, pre-eclampsia, 31
STDs, abortion, bacteremia, HIV, 182
Stillbirth, sexually transmitted disease, 184

Tap test, fetal pulmonary maturity, respiratory distress syndrome, 135
Total cholesterol, high density lipoprotein cholesterol, sex steroids, menstrual cycle, 265
Traditional contraception, cesarean section, contraceptive use, fertility desire, 81
Transplantation, embryonic-fetal tissue, research, clinical use, ethics, moral aspects, 233
Transvaginal sonography, crown-rump length, serum hCG level, IVF-ET, fetal growth velocity, 147
Trial of labor, previous cesarean, 183
Triple heart valve prosthesis, pregnancy, cesarean section, 89

Ultrasonic lithotripsy, urethral diverticulum, lithiasis, 277
Ultrasound, encephalocele, incidence, antenatal diagnosis, management, prognosis, 241
Ultrasound, estradiol levels, follicle, regression equation, 261
Ultrasound, prenatal diagnosis, congenital nephrosis of Finnish type, amniotic fluid, fetal urine, 165
Ureteric injury, hysterectomy, anuria, acute renal failure, 67
Urethral diverticulum, lithiasis, ultrasonic lithotripsy, 277
Uterine rupture, curettage perforation, 285

Vaginal delivery, maternal height, primigravidas, 27
Vesicular mole, human leukocyte antigen, 257

Wife abuse, education, alcohol, Nigeria, 159
Wilson's disease, liver transplantation, pulsed Doppler, cyclosporin, pregnancy, 273

Young age, cervical carcinoma, prognosis, 61
